

[illegible][illegible][illegible][illegible][illegible]

The diagram illustrates the decomposition of a large rectangle into a grid of smaller squares. The top row is a single long rectangle. Below it, the grid is partitioned into a 16x16 array of smaller squares. Some squares are grouped together and labeled with double quotes, indicating they are part of a larger square or rectangle.

The diagram consists of two rows of 10 squares each. The top row is a single continuous bar divided into 10 equal segments. The bottom row is split into two segments of 5 squares each, with a dashed line between them.
