Diagram illustrating a 4x100 grid structure, likely representing a 400x10000 matrix. The grid is divided into four horizontal bands of 100x10000. The top band is labeled 'A'. The second band is labeled 'B' and contains a small sub-grid labeled 'C'. The third band is labeled 'D'. The bottom band is labeled 'E' and contains a small sub-grid labeled 'F'. The label 'API' is positioned between the second and third bands.

The diagram shows three horizontal bars, each composed of small squares. The first bar has 10 squares, the second has 20 squares, and the third has 30 squares. This visualizes the concept of percentages: 100% is represented by 10 squares, 200% by 20 squares, and 300% by 30 squares.
