[illegible]

Diagram illustrating the construction of a 100-bit message from three 33-bit blocks. The first block is padded with 1 bits to 33 bits. The second block is padded with 1 bits to 33 bits. The third block is padded with 1 bits to 33 bits. The three 33-bit blocks are concatenated to form a 99-bit message. The 100th bit is a parity bit.
